FOR IMMEDIATE RELEASE

Com-Cycle Holds its First FREE Electronic Recycling Event for Brevard County Residents and Businesses during the month of January 2008

Com-Cycle West Melbourne Electronic Recycling Event

Through January 31, 2008 – West Melbourne, Florida – Com-Cycle, a wholly owned subsidiary of AERC Recycling Solutions, is excited to announce a Free “Electronic Recycling Event” for Brevard county residents and businesses. After 19 years of being in business and a member of the West Melbourne community, Com-Cycle West Melbourne is proud to start this event and offer local residents an opportunity to responsibly dispose of their electronics.

Many Floridians are unaware that throwing away certain electronic items, such as computer monitors and televisions in the trash is illegal due to the environmentally-sensitive materials they contain. “Com-Cycle is scheduling “E-Cycling” Events throughout the year to aid Floridians as they do their part in preserving and protecting the environment.”

Throughout January 2008 from 8:00 AM to 3:00 PM, Monday through Friday, members of the Brevard County community are invited to drop-off and recycle their old televisions, computers and other electronic equipment at Com-Cycle West Melbourne, 4301 Woodland Park Drive 32904.

AERC / Com-Cycle maintain a **Zero-Waste-to-Landfill** Policy for all of our electronics/ electrical recycling services. The Company guarantees that any equipment dropped off at any of our events will not end up in a landfill. For a complete list of acceptable materials, please refer to the list below.

These materials will be processed into clean commodity streams to reinforce our **Zero-Waste-to-Landfill** Policy. Acceptable electric and electronic materials include:

About AERC/Com-Cycle:

AERC Recycling Solutions / Com-Cycle, a wholly owned subsidiary of AERC, have experience in fulfilling the unique security requirements of target industries including healthcare, education, banking and financial services. AERC's chain-of-custody is an important part of auditing for compliance with data security and environmental laws.

Under our "Reuse, Refurbish and Recycle" directive, Com-Cycle de-manufactures and disassembles Electronic equipment, harvests usable components, manages hazardous components and erases and destroys hard drive data in accordance with the DOD approved program.

Our secure GPS outfitted fleet of vehicles allows for delivery confirmation and in-house management of logistics for our clients will provide an audit trail for compliance with data security and environmental laws. We provide competitive secure transportation of assets for clients with coverage throughout all major markets in the United States, with plans to open new facilities strategically located across the United States within the next twelve months.
