FOR IMMEDIATE RELEASE

Com-Cycle West Melbourne Supports the City of Vero Beach and the Indian River Green Team with an Earth Day 2008 Electronics Recycling Event

Com-Cycle will support the City of Vero Beach and the Indian River Green Team with a FREE Electronics Recycling Event, with the exception of a \$5.00 cash only recycling fee for TV's, for Residents and Businesses on Saturday April 19, 2008.

April 14, 2008 – West Melbourne – Com-Cycle, a wholly owned subsidiary of AERC Recycling Solutions, is excited to announce a Free “Electronic Recycling Event” with the exception of a \$5.00 cash only fee for TV's, for residents and businesses. After 19 years of being in business and a member of the West Melbourne community, Com-Cycle West Melbourne is proud to start this event and offer local residents and opportunity to responsibly dispose of their electronics.

Many Floridians are unaware that throwing away certain electronic items, such as computer monitors and televisions in the trash is illegal due to the environmentally-sensitive materials they contain. “Com-Cycle is scheduling “E-Cycling” Events throughout the year to aid Floridians as they do their part in preserving and protecting the environment.”

On Saturday April 19, 2008 from 9:00 AM to 4:00 PM, residents and businesses are invited to drop-off and recycle their laptops, computers, televisions, and other electronic equipment at the Riverside Park. Riverside Park is located on Riverside Drive, off Mockingbird Drive, south of east end of Merrill Barber Bridge.

AERC / Com-Cycle maintain a “Zero-Waste-to-Landfill” Policy for all electronics/ electrical recycling services. The Company guarantees that any equipment dropped off at any of its collection events will not end up in a landfill. For a complete list of acceptable materials, please refer to the list below. For more information, visit www.com-cycle.com.

About AERC/Com-Cycle:

AERC Recycling Solutions has become an industry leader through its partnerships with clients by providing unmatched convenience, regulatory compliance and expert consulting to handle Universal Waste issues. Com-Cycle was started in 2001 by AERC to help service customers with electronics recycling needs. Com-Cycle offers complete computer and electronics recycling services with a Zero-Waste-to-Landfill Policy. AERC / Com-Cycle offer compliance with Federal, State, and Local regulations as well as Secure Data Destruction for your electronic data drives. Com-Cycle provides an array of services including Secure Data Destruction and Management, Total Asset Management, and End-of-Life Electronics Management. With our own fleet of GPS tracked trucks we provide delivery confirmations and in-house management of logistics for our clients and can provide an audit trail for compliance with data security and environmental laws.

The Company provides “chain of custody” of assets for clients with coverage throughout all major markets in the United States, with plans to open two new facilities strategically located across the United States within the next twelve months.
