

FOR IMMEDIATE RELEASE

AERC.com, Inc. Offers FREE Electronics Recycling at American Red Cross Disaster Awareness Day on August 15

Flanders, NJ – August 13, 2008 – AERC.com, Inc. (AERC Recycling Solutions) announces its participation in the American Red Cross Santa Clara Valley’s Disaster Awareness Day by hosting a FREE electronics recycling event to encourage the San Jose community to be environmentally responsible while preparing for disaster. The San Jose Electronics Recycling/ Disaster Awareness Event will be at the American Red Cross located at 2731 North 1st Street, San Jose on Friday, August 15 from 10:00 AM until 1:00 PM.

San Jose businesses and residents are encouraged to donate blood and/or drop off their recyclable electronics, which include computers, cell phones, televisions and other electronic devices along with batteries and fluorescent bulbs. AERC will collect acceptable electronics for recycling and/or refurbishing and reuse. For a full list of acceptable and non-acceptable items, please visit www.aercrecycling.com or call (510) 670-1420.

By dropping off unused and/or obsolete electronics during this AERC event, San Jose businesses and residents will be keeping unwanted electronic waste out of landfills. Items collected through this event will be processed in accordance to AERC’s “Zero-Waste-to-Landfill” Policy and in accordance with all Federal, State and Local regulations.

About AERC Recycling Solutions

AERC Recycling Solutions is committed to a green world by helping clients in proper end-of-life management of assets containing sensitive data and components hazardous to our environment. AERC has become an industry leader through its partnerships with clients by providing unmatched convenience, regulatory compliance and expert consulting to handle Universal Waste issues. In 2004, AERC began servicing customers with electronics recycling needs. AERC offers complete computer and electronics recycling services with a Zero-Waste-to-Landfill Policy.

AERC offers compliance with Federal, State, and Local regulations as well as Secure Data Destruction for its clients’ electronic data drives. The Company provides an array of services which include Secure Data Destruction and Management, Total Asset Management, and End-of-Life Electronics Management. With its own fleet of GPS tracked trucks the Company provides delivery confirmations and in-house management of logistics for clients and can provide an audit trail for compliance with data security and environmental laws. The Company provides “chain of custody” of assets for clients with coverage throughout all major markets in the United States, with continued plans for expansion across the United States.
