A CUSTOMIZED SOLUTION

AERC Recycling Solutions offers a full range of services which are unmatched in the industry. Let us help you develop a comprehensive program designed to solve your Secure Data Destruction, End-of-Life Asset Management, Electronic Waste, surplus materials and Universal Waste needs.

Work with a designated AERC representative who can advise you regarding your recycling needs. They will work with you to find the solutions that works best for you.

THE AERC ADVANTAGE

Going Beyond Compliance

AERC Recycling Solutions began on a foundation of proper hazardous waste management. In 1990, AETC, the leading hazardous waste management company in the United States, began AERC to develop new mercury recycling and recovery techniques. AETC was known for superb service and quality people and above all, setting best practices for managing hazardous materials. This commitment to proper compliance and best practices was instilled in AERC from the beginning. AERC has been living this commitment ever since.

OUR QUALIFICATIONS

ENVIRONMENTAL OVERVIEW

- Governed by Federal, State, and Local laws and regulations.
- Maintain Resource Recovery & Conservation Act (RCRA) Permits at applicable facilities.
- Subject to inspection and audit by the US Environmental Protection Agency and State Departments of Environmental Protection on scheduled and unscheduled basis.
- Non-Compliance with permits results in fines, penalties and incarceration for officers.
- Adopted the Responsible Recycling (R2) Practices endorsed by the US EPA at all Electronics Processing Com-Cycle Facilities. AERC's Com-Cycle facilities in Allentown, PA; Ashland, VA; West Melbourne, FL; Houston, TX and Hayward, CA are R2 and RIOS™ Certified, each being Certified Electronics Recycler® facilities.
- Full Regulatory Staff dedicated to compliance and adherence to policies. Including a dedicated downstream auditor.
- AERC has a fully transparent downstream risk management program and will gladly allow an audit.
- Environmental Management System (EMS) policy which adheres to ISO-14001:2004 Standards
- California Collector & Recycler: #100046
- 30 years of experience in the Environmental Industry
