

# Electronics Recycling

**Complete End-of-Life Electronics Management**

**Electronic waste is the fastest growing waste stream in the US. It is also one of the most recyclable waste streams. All materials used to create electronics can be recycled and made into new finished goods. Help to do your part to keep electronics out of landfills by recycling with AERC/Com-Cycle.**

AERC's wholly owned subsidiary, Com-Cycle, was developed to provide customers with state of the art electronics recycling services while following a Zero-Waste-to-Landfill Policy.
